Digestive Enzyme Supplements for EPI

## Comparisons of Common Digestive Enzymes & Supplement Powders

Product	Lipase USP Units (Fat Splitting)	Protease USP Units (Protein Solubilizing)	Amylase USP Units (Starch Liquefying)	Other Ingredients	Cost	Description	Dosage as per package
<b>Viokase-V</b>	71,400	388,000	460,000		12oz \$414	VIOKASE-V is activated whole raw pancreas; a pancreatic enzyme concentrate of porcine origin containing standardized amylase, protease and lipase activities plus esterases, peptidases, nucleases and elastase. 1 tsp Powder will digest 260g of fat, 388g protein, 460g starch.	3/4-1 tsp per meal**
<b>Epizyme</b>	71,400	388,000	460,000		12oz \$223	Epizyme is a mixture of pancreatic enzymes that is FDA-approved for use in cats and dogs to treat exocrine pancreatic insufficiency (also known as maldigestion syndrome)	
<b>Bio Case V</b>	56,840	434,000	495,000		Out of Business	Bio Case V is activated whole raw pancreas; a pancreatic enzyme concentrate of porcine origin containing standardized amylase, protease and lipase activities plus esterases, peptidases, nucleases and elastase.	3/4-1 tsp per meal**
<b>PancreVed</b>	71,400	388,000	460,000	Vitamins A D E	12oz \$160	PancreVed is a pancreatic enzyme concentrate of porcine origin fortified with fat-soluble vitamins A, D and E.	3/4-1 tsp per meal**
<b>Pancrezyme</b>	71,400	388,000	460,000		discontinued	Pancrezyme is activated whole raw pancreas; a pancreatic enzyme concentrate of porcine origin containing standardized amylase, protease and lipaseactivities plus esterases, peptidases, nucleases, and elastase. 1Tsp powder will digest 260g of fat, 388g protein, and 460g starch	3/4-1 tsp per meal**
<b>PancrePlus</b>	71,400	388,000	460,000	Vitamins A D E	12 oz \$289	A pancreatic enzyme concentrate of porcine origin fortified with vitamins A,D,E.	Average dose 3/4-1 tsp per meal**
<b>PanaKare Plus</b>	71,400	388,000	460,000	Vitamins A D E	12oz \$227	PanaKare Plus is a pancreatic enzyme concentrate of porcine origin fortified with the fat soluble vitamins A, D and E.	estimated according to severity of case
<b>Pancrea Powder Plus</b>	71,400	388,000	460,000	Vitamins A D E	discontinued	PancreaPowder is a pancreatic enzyme concentrate of porcine origin fortified with fat-soluble vitamins A,Dand E. Comparable to Vedco PancreVed Powder.	Average dose 3/4-1 tsp per meal**
<b>Pancrease-V</b>	67,000	280,000	280,000		114g \$85.00		1-1 1/2 tsp per meal**
<b>Pancreatin 6x*</b>	76,720	459,200	462,000		Shipping Included 8.8 oz \$86 1KG \$288	Pancreatin is an enzyme mixture derived from porcine pancreas glands. The three principle enzymes are Protease, Amalyse, and Lipase. A suitable silulent is added to adjust the enzyme activity values to those specified.	Average dose 1/2-1 tsp per cup of food
<b>Pancreatin 8x*</b>	111,720	579,600	694,400		Shipping Included 8.8 oz \$99 1KG \$329	Pancreatin is an enzyme mixture derived from porcine pancreas glands. The three principle enzymes are Protease, Amalyse, and Lipase. A suitable silulent is added to adjust the enzyme activity values to those specified.	Average dose 1/2-3/4 tsp per cup of food

\*Pancreatin batches do vary from batch to batch, some small adjustments may be needed

\*\*Experience shows that this dose is rarely enough and needs to be adjusted by how much food is given
